

2025 NAPCRG Annual Meeting

Category: Preconference Workshop

***Title** (125 characters including spaces - **DO NOT** use all capitals):

Abstracts are limited to 2,500 characters and should be formatted in a single paragraph to include Rationale, Audience Participation, Content to be Presented, Method of Evaluation, and Prerequisite Knowledge. See <https://www.napcrg.org/conferences/annual/call-for-papers> for more information. Include **ONLY** the abstract. Do not include title or author(s).

***Abstract** (2500 characters including spaces)

Instructions: Answer the questions below and then click on the Save and Continue button. Questions with a red asterisk **MUST** be answered or your submission will **NOT** be considered complete and, therefore, **NOT** considered for submission.

Purpose: Preconference workshops are for a select group of extended sessions that do not fit into the format of the conference. They are often used to advance important themes or initiatives in primary care research, or to build research skills that require a longer format.

Please note research that has been published at the time of abstract submission or presented at another national or international meeting is not acceptable.

Notifications about whether or not your abstract has been accepted will be sent out in late June.

***Time: Select your preferred time**

- Half Day
- Full Day

***Please briefly describe what is uniquely interesting or impactful about your study?**

(Character limit including spaces: 150)

Learning Objectives: Clear and understandable learning objectives are **REQUIRED** to qualify for Continuing Education (CE) credit. Your submission will be excluded from CE credit if these are not clear. Please list two learning objectives using these guidelines:

- Clearly describe what you want learners to take away and implement after the session in active, measurable terms (e.g. - define, interpret, explain, apply).
- Each objective must be specific, concise, and limited to one sentence.
- Example - "On completion of this session, participants should be able to identify and describe the three primary tenets of the Patient Self-Efficacy Model."

***First Objective:** On completion of this session the participants should be able to... (Character limit including spaces: 300)

***Second Objective:** On completion of this session the participants should be able to... (Character limit including spaces: 300)

Rationale:

*What is the proposed content area, and why is it important to the members of NAPCRG? (Character limit including spaces: 500)

*Why should this program be a preconference workshop rather than a forum or workshop? (Character limit including spaces: 500)

Schedule:

*What is the preconference workshop schedule, including time frames and breaks? (Character limit including spaces: 500)

*Who will be involved in leading the preconference workshop, and what content will they cover? (Character limit including spaces: 500)

Audience:

*Who is the ideal audience you want to reach? (Character count 300)

*How many attendees are required for your preconference workshop to run effectively? (Character count 50)

*Would the preconference workshop be open to all NAPCRG attendees? (yes or no)

***Endorsement:** Each preconference workshop submission must be endorsed by the chair of a NAPCRG Special Interest Group/Committee. Provide the name of the chair and the group/committee. (Character limit including spaces: 300)

***Are you a first-time abstract submitter for the NAPCRG Annual Meeting?** (yes or no)

***Are you a submitter located outside of the United States and Canada? If so, please enter the country.** (Character limit including spaces: 300)

NAPCRG's Statement of Diversity

NAPCRG is deeply committed to promoting diversity and inclusion among its membership. The NAPCRG Board of Directors aims to strengthen and ensure the manifestation of diversity and inclusion across the organization's diverse arenas, areas of focus, and programming. The Statement of Diversity's goal is to produce and maintain a culture that prioritizes inclusivity, belonging and social justice. Attendees must consent to having reviewed the NAPCRG Statement of Diversity:

We recognize current and historical inequities in research, including inequities in populations and among researchers themselves, that have resulted in disparities in health and well-being. We strive to create a research environment that amplifies the diverse voices of people and communities across all aspects of research, and particularly for those populations and Indigenous peoples who have been -- or continue to be underrepresented. We seek to promote the participation of a diverse membership in NAPCRG leadership, meetings and programs, research, employment and in all its other endeavors. We strive to include all, inclusive of sex, gender, sexual orientation, age, race, religion, disability, ancestry or national origin; and to

promote non-violent, rational idea exchange. We commit ourselves to promote primary care research scholarship nationally and internationally.

***The undersigned Author affirms that they and their team will adhere to the NAPCRG Statement of Diversity during the Annual Meeting and all other NAPCRG programming.**

The Author agrees that the materials they submit to NAPCRG or one of its affiliates for use in NAPCRG's program materials for the 53rd NAPCRG Annual Meeting, along with any presentation at the Annual Meeting, are: (a) works for hire, done for NAPCRG, within the meaning of the copyright laws; or (b) the Author is hereby assigning to NAPCRG the rights to prepare derivative works of the materials and presentation and to use, copy, publish, distribute, license, display, or publicly perform in any form and in any media the Annual Meeting materials and presentation.

***The undersigned Author further represents that they have the authority to grant the rights described in the above paragraph.**
